NOV/DEC. EDITION

## New for Service Projects

Legacy is now adding a google doc to fill out for anyone interested in creating a new service project. It is a simple 10 question google doc asking for name, number, service project name, date of potential project, brief description of project, & which of Lion's Global causes your project represents. These causes include: Hunger, disaster relief, vision, humanitarian, environment, diabetes, childhood cancer, youth/leadership, and a slot for all other inquires. We encourage all projects be submitted a month in advance, unless of course we are helping in disaster relief. All inquires will need to be approved by the Legacy board once submitted. You can find the link in the Legacy group me or in your monthly email from Lion Joe. If you have any questions feel free to reach out in groupme, facebook, or email.
